The magazine and its 24/7 news website deliver authoritative, logistics-oriented content that engages reader/viewer involvement with our advertisers.

The most overlooked aspect of media planning is reader engagement. At Global Trade, we strive for a 360 degree experience with our integrated platform of print and digital editions, mobile app, website and a host of social media.
A new year provides exciting opportunities to further support the needs of current and prospective partners. As we welcome 2024, our team continues to work behind the scenes identifying and developing business-forward solutions that not only keep up with the changes within the logistics industry but also meet specific client goals and initiatives.

We continue to represent one of Google's top choices for organic global trade-related news and anticipate another year of successes, vertical growth, and mutually beneficial partnerships.

WHAT WE OFFER

Our CEO readers, the true decision makers who can approve you as their vendor, will be reading your ad in an environment where they are already thinking about their needs and, therefore, in a receptive mind to the solutions you can provide them.

WHAT’S IMPORTANT

Global Trade has created a powerful distribution of decision makers. When we send our magazine to small and midsize manufacturers who comprise 98 percent of all exports, we go to the CEOs because in a business that size, they will authorize every major vendor decision. As we scale up to larger operations, we target the vice presidents of logistics to whom C-suite executives delegate vendor decisions.
